Medicaid Telehealth Reimbursement	Summary	<p>North Dakota reimburses for live video telemedicine for most services, with a few exceptions. They do not provide reimbursement for store-and-forward and no reference was found for remote patient monitoring.</p>
	Definitions	<p>Telemedicine is the use of interactive audio-video equipment to link practitioners and patients at different sites.</p> <p>Source: North Dakota Department of Human Services: General Information for Providers. North Dakota Medicaid and Other Medical Assistance Programs. (Jan. 2019) p. 156 (Accessed Sept. 2019).</p>
	Live Video	<p style="text-align: center;">Policy</p> <p>North Dakota Medicaid will reimburse for live video services as long as the patient is present during the service. Actual visual contact (face-to-face) must be maintained between practitioner and patient.</p> <p>Source: North Dakota Department of Human Services: General Information for Providers. North Dakota Medicaid and Other Medical Assistance Programs. (Jan. 2019) P. 156 (Accessed Sept. 2019).</p> <p>Telemedicine services are covered by Medicaid under the following criteria:</p> <ul style="list-style-type: none"> • Maintain actual visual contact (face-to-face) between the practitioner and patient. • Be medically appropriate and necessary with supporting documentation included in the patient’s clinical medical record. • Be provided via secure and appropriate equipment to ensure confidentiality and quality in the delivery of the service. Skype or other devices or video conferencing platforms that are not secure are not acceptable or allowed to be used for telehealth services. <p>Qualified services must use appropriate coding, including GT and 95 modifiers or place of service 02. The originating site uses HCPC code Q3014.</p> <p>Source: North Dakota Department of Human Services: General Information for Providers. North Dakota Medicaid and Other Medical Assistance Programs. (Jan. 2019) P. 156 (Accessed Sept. 2019).</p> <p>Indian Health Services</p> <p>Reimbursement for telemedicine is reimbursed at the all-inclusive rate regardless of whether the originating site is outside the “four walls” of the facility or clinic.</p> <p>Source: North Dakota Department of Human Services: General Information for Providers. North Dakota Medicaid and Other Medical Assistance Programs. (Jan. 2019) P. 157 (Accessed Sept. 2019).</p>

Policy

Teledentistry

Synchronous teledentistry is reimbursable and reported in addition to other ND Medicaid-covered procedures provided to the patient, when applicable. Dentists and dental offices must report the appropriate CDT Code for these procedures.

The patient record must include the CDT codes that reflect the teledentistry encounter. ND Medicaid reimburses for CDT code D9995 once per date of service. Submissions must be billed using place of service code 02. Service authorization is not required for CDT code D9995.

Medicaid Telehealth Reimbursement	Out of State Providers	No reference found.
	Miscellaneous	No reference found.
Private Payer Laws	Definitions	<p>Telehealth:</p> <ul style="list-style-type: none"> • Means the use of interactive audio, video or other telecommunications technology that is used by a health care provider or health care facility at a distant site to deliver health services at an originating site and that is delivered over a secure connection that complies with the requirements of state and federal laws. • Includes the use of electronic media for consultation relating to the health care diagnosis or treatment of a patient in real-time or through the use of store-and-forward technology. • Does not include the use of audio-only telephone, electronic mail, or facsimile transmissions. <p>Source: ND Century Code Sec. 26.1-36-09.15(1)(g). (Accessed Sept. 2019).</p>
	Requirements	<p>An insurer must provide coverage for telehealth delivered health services which is the same coverage for health services delivered by in-person means.</p> <p>A policy is not required to provide coverage for health services that are not medically necessary, subject to the terms and conditions of the policy.</p> <p>Source: ND Century Code Sec. 26.1-36-09.15. (Accessed Sept. 2019).</p> <p>North Dakota's Worker Compensation Act provides reimbursement for live video.</p> <p>Eligible services:</p> <ul style="list-style-type: none"> • Office or other outpatient visits; • New and established evaluation and management visits; • Individual psychotherapy visits; • Pharmacologic management visits. <p>The patient must be present and participating in the appointment. The professional fee is equal to comparable in-person services. The organization may pay the originating site facility fee, not to exceed twenty dollars.</p> <p>Source: ND Admin. Code 92-01-02-34 (3d). (Accessed Sept. 2019).</p>

Private Payer Laws	Parity	Service Parity	<p>An insurer must provide coverage for telehealth delivered services to the same extent as the same coverage for in-person services. They are not required to provide coverage for health services that are not medically necessary.</p> <p>Source: ND Century Code Sec. 26.1-36-09.15(2). (Accessed Sept. 2019).</p>
		Payment Parity	<p>Payment of expenses may be established through negotiations conducted between the insurer and health services providers in the same manner as reimbursement of expenses for covered services that are delivered by in-person means.</p> <p>Source: ND Century Code Sec. 26.1-36-09.15(3). (Accessed Sept. 2019).</p>
Professional Regulation/Health & Safety	Definitions		<p>“Telemedicine” means the practice of medicine using electronic communication, information technologies, or other means between a licensee in one location and a patient in another location, with or without an intervening health care provider. The term includes direct interactive patient encounters as well as asynchronous store-and-forward technologies and remote monitoring.</p> <p>Source: ND Admin Code Sec. 50-2-15-01 (Accessed Sept. 2019).</p> <p>Stroke system of care task force</p> <p>“Telemedicine services means the use of interactive audio, video, and other electronic media used for the purpose of diagnosis, consultation, or treatment of acute stroke.”</p> <p>Source: ND Century Code Sec. 23-43-05. (Accessed Sept. 2019).</p> <p>North Dakota uses federal definitions for “internet” and “practice of telemedicine” set in the Ryan Haight Online Pharmacy Consumer Protection Act of 2008.</p> <p>Source: ND Century Code Sec. 19-02.1-15.1(1)(d). (Accessed Sept. 2019).</p> <p>“Telemedicine means the practice of medicine by a practitioner, other than a pharmacist, who is at a location remote from the patient, and is communicating with the patient, or health care professional who is treating the patient, using a telecommunications system.”</p> <p>Source: Ryan Haight Online Pharmacy Consumer Protection Act of 2008 [Pub. L. 110-425; 21 U.S.C. 802-803]. (Accessed Sept. 2019).</p> <p>Physical Therapy:</p> <p>“Telehealth” is the use of electronic communications to provide and deliver a host of health-related information and healthcare services, including, but not limited to physical therapy related information and services, over large and small distance. Telehealth encompasses a variety of healthcare and health promotion activities, including, but not limited to, education, advice, reminders, interventions, and monitoring of interventions.</p> <p>Source: ND Admin. Code 61.5-01-02-01. (Accessed Sept. 2019).</p>

Consent

Physical Therapy:

The physical therapist may use telehealth technology as a vehicle for providing only services that are legally or professionally authorized. The patient's written or verbal consent will be obtained and documented prior to such consultation.

Source: ND Admin. Code 61.5-01-02-01(3). (Accessed Sept. 2019).

Online Prescribing

A valid prescription via e-prescribing means a prescription has been issued for a legitimate medical purpose, in the usual course of professional practice, by a practitioner who has first conducted an in-person medical evaluation of the patient. An in-person medical evaluation can include the referring practitioner having performed the exam, in the case of telemedicine.
